

Sophisticated Design with Ultimate Wireless Cinematic Experience

SoundbarSeries

Immerse yourself in a cinema-quality audio experience with JBL.

For over 70 years, JBL has ignited the passions of music & cinema lovers across the world. From beaches to rooftops, tailgate parties to concerts, cinema halls to concert venues if there is audio, it's delivered best with JBL. It is only natural that when it comes to home entertainment, if your TV's sound is not good enough particularly when it comes to what is being spoken – the JBL Soundbar gets it done, and how. Within seconds of turning it on, you'll appreciate a remarkable improvement on both fronts, thanks to deeper, richer sound and crisper dialogue.

Bar 9.1

With Dolby Atmos

Movie lovers, listen up. The latest addition to JBL's popular Bar Series brings the audio experience of a movie theatre to your living room. The JBL Bar 9.1 creates true wireless surround sound with the crowd-pleasing JBL Original Pro Sound now with the added punch of Dolby Atmos and the streaming support of Google Chromecast and Apple Airplay 2. Bar 9.1's standout feature is the modular nature of its speakers. On each end of the soundbar is a battery-powered, detachable wireless speaker, which can be unplugged and placed behind your seats to provide three-dimensional sound.

Features

JBL Bar 9.1 True Wireless Surround Sound With Dolby Atmos Features

The ultimate cinematic experience creates an immersive sound experience with upward-firing drivers, detachable wireless surround speakers and 9.1 channels from the combined audio expertise of JBL and Dolby.

10-Inch Wireless Powered Subwoofer

Enjoy theatre-quality bass reinforcement to enhance your movie experience.

Chromecast & AirPlay 2 Built-In

Built-in Wi-Fi and compatibility with Chromecast and AirPlay 2 means you can stream all your favourite online music in high quality with a simple finger tap.

Atmos Detachable Speakers That Go Anywhere

Built-in batteries mean audio freedom. Place the two detachable surround speakers anywhere in a room to enjoy an incredible audio experience. After 10 hours of playback, simply dock them to the soundbar to recharge.

Wireless Bluetooth® Streaming

Wirelessly connect smart devices to the soundbar and take turns enjoying powerful sound.

JBL 9.1 Surround Sound with 820W Of Power

With 820 Watts of system output power, you'll hear your movies, games and music like never before. Let the immersive, powerful sound take your viewing or gaming experience to the next level.

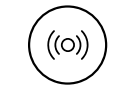

Bar 5.1

With Magnetic Detachable Wireless Speakers

The JBL Bar 5.1 transforms from a soundbar into a true wireless 5.1 home theatre system for an epic movie and music-listening experience. The soundbar features two detachable battery-powered wireless surround speakers with 10 hours of playtime, 510W of total output power, a 10" wireless subwoofer, three HDMI™ inputs to connect 4K devices and Bluetooth™. With Dolby® Digital, Dolby Pro Logic II and DTS, your movies, music and video games will sound more incredible than ever. The soundbar features JBL SoundShift®, which allows you to instantly switch between the sound from your TV and the Bluetooth audio from your mobile phone or tablet. The soundbar is programmed to respond to your TV remote, so you can control everything with your existing TV remote control. The JBL Bar 5.1 truly redefines the soundbar experience.

Features

JBL 5.1 Surround Sound With 510W Of Power

Ensures a high-quality audio reproduction for your movies and music.

Magnetic Detachable Wireless Surround Speakers

Enjoy true wireless surround sound in cinematic 5.1 with 10 hours of playing time.

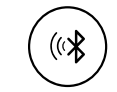

Thrilling Bass From A 10" (250mm) Wireless Subwoofer

Enjoy rich and thrilling bass with the convenience of flexible placement without the hassle of wires.

True 4k Connectivity With 3 HDMI In/1 HDMI Out (Arc)

Easily connect all your 4K devices and upgrade your home entertainment to Ultra HD.

Wireless Music Streaming With Bluetooth

Stream your music wirelessly from any mobile device.

JBL Soundshift®

Allows you to instantly switch between sound from your TV and sound from your phone or tablet.

Bar 5.1 Immersive

EXPERIENCE PANORAMIC SURROUND SOUND.

The impressive JBL Bar 5.1 Surround delivers the ultimate home cinematic experience. Bring everything you watch to life with 550 Watts of power and a 10" subwoofer: the driving bass of an action movie, the tension of a thriller or the beauty of a nature documentary. Built-in Chromecast and Airplay 2 lets you stream and manage online content, and Bluetooth means your streamed music sounds great, too. Amazing surround sound comes from JBL MultiBeam™ technology. JBL has powered the world's movie theatres for more than 75 years. Now you can bring that power home.

Features

Panaromic Surround Sound

JBL MultiBeam™ technology brings the ultimate cinematic experience to your home. No extra speakers or wires are needed.

You Got The Power

With 550 Watts of system output power, experience your movies and music like never before. Immersive, powerful sound to match your viewing pleasure.

10" Wireless Subwoofer

Punchy, precise bass from a mighty 10" wireless subwoofer brings the action to action movies, and ensures any soundtrack sounds epic.

Built-In Chromecast And Airplay 2

With Chromecast built-in, just tap the Cast button from your favorite mobile music apps to instantly start playing on the speakers. It also has support for AirPlay 2, so routing audio to the soundbar from a Mac, iPad, an iPhone takes just a tap or two.

4K Pass-Through With HDR 10 And Dolby Vision™

Ultra HD 4K Pass-through with Dolby Vision™. The best 4K video resolution deserves the best sound to go with it. Your TV and the JBL Bar 5.1 Surround are the ultimate power couple.

Dolby Digital 5.1

Bring movies to life with JBL Surround Sound without the hassle of any additional wires or speakers.

Bar 2.1 Deep Bass

ALL ABOUT THE BASS.

The elegant JBL BAR 2.1 Deep Bass Soundbar features Bluetooth, Optical, HDMI in and ARC connectivity with both Dolby Digital and JBL Surround Sound modes. Its room-filling 300 Watts of total output power delivers an immersive experience by way of its four powerful full range drivers, two 1" tweeters, and JBL engineered 6.5" subwoofer. On-board Bluetooth allows you to use the Bar 2.1 for streaming music from your favourite device in addition to its ability to deliver a real JBL theatre experience when coupled with your flat panel TV. Its elegant and low-profile design will look elegant, no matter where you set it up.

Features

Bring The Power

An impressive 300W of total output power puts you in control. Your movies and music have never sounded so good.

All About The Bass

Why just listen to the bass when you can feel it? The 6.5" wireless subwoofer delivers deep, thrilling sound.

Built-In Dolby Digital

Get the popcorn ready. Built-in Dolby Digital gives you an authentic cinematic experience in your home.

Surround Yourself With Sound

JBL Surround Sound instantly brings movies, games, sports and music to life. Upgrade to an immersive sound experience for your TV without any extra wires or speakers.

Easy Connection Setup

This duo is super-simple to set-up. The sound bar can connect to your TV with a single cable. You can wall-mount it with the included brackets or just place it on your TV stand — it will look great either way, thanks to its streamlined design. It also has Bluetooth built-in, making it easy to wirelessly stream your favourite tunes right from your compatible phone.

Bar 2.1

MAKES MOVIES COME ALIVE.

Designed with a slimmer profile, the full-featured, easy-to-use JBL Bar 2.1 features Dolby® Digital, JBL Surround Sound, 300W system power and a wireless 6.5" subwoofer to provide balanced sound and deep bass for your movies, music and even video games. Fully featured in every sense of the word, it has an HDMI™ input as well as AUX and USB wired connections that enable you to round out your home entertainment options even more. It is also Bluetooth-enabled for convenient wireless connections. Further enhanced with JBL SoundShift® which allows you to instantly switch between sound from your TV and sound from your mobile phone or tablet.

Features

Enjoy JBL Sound With 300W Of Power

The 300W of power output ensures great audio performance for your movies and music.

Rich And Deep Bass From A 6.5" (165mm) Wireless Subwoofer

Enjoy rich and deep bass as well as the convenience of flexible placement without the hassle of wires.

Wireless Music Streaming With Bluetooth

Stream your music wirelessly from any mobile device.

JBL Surround Sound Makes Movies Come Alive

Bring movies to life with JBL Surround Sound without the hassle of any additional wires or speakers.

Connect Your Devices With HDMI In/1 HDMI Out (ARC)

Connect your devices and simplify your home entertainment set-up.

Works With Your TV Remote Control

This JBL soundbar is designed to work with most of today's TV sets, so you can use your existing TV remote for both the TV and the soundbar.

Bar 2.0 All-In-One

THE ALL-IN-ONE SOUNDBAR.

JBL Bar 2.0 compact soundbar provides stellar sound for your favourite TV series, movies and music. It's slim, incomparably designed and extremely easy to use. The JBL Surround Sound and double bass ports turn your TV sound into real cinema sound. The JBL Bar 2.0 includes Bluetooth connectivity so that you can stream your favourite music to the speaker, wirelessly. It is easy to set-up with just one single HDMI cable to connect between your TV and the soundbar. You can control the JBL Bar Studio with your existing TV remote control.

Features

Elegant Simplistic Design

You can aestheticise your interiors with the exquisite design of JBL Bar 2.0 All-In-One. The entire look of your home will be amplified!

JBL Surround Sound

Bring your TV to life with this hassle-free, wireless, beautifully designed, sleek soundbar. It will make your parties bigger and better!

Compatible With TV Remote Control

The remote control and simple control system of this soundbar simplifies its operation.

Deep Bass

Enhance the drama of a tense thriller, feel the roar of your team or sit back with your latest album. The JBL Bar 2.0 All-in-One really is all-in-one, with deep bass for your movies and music.

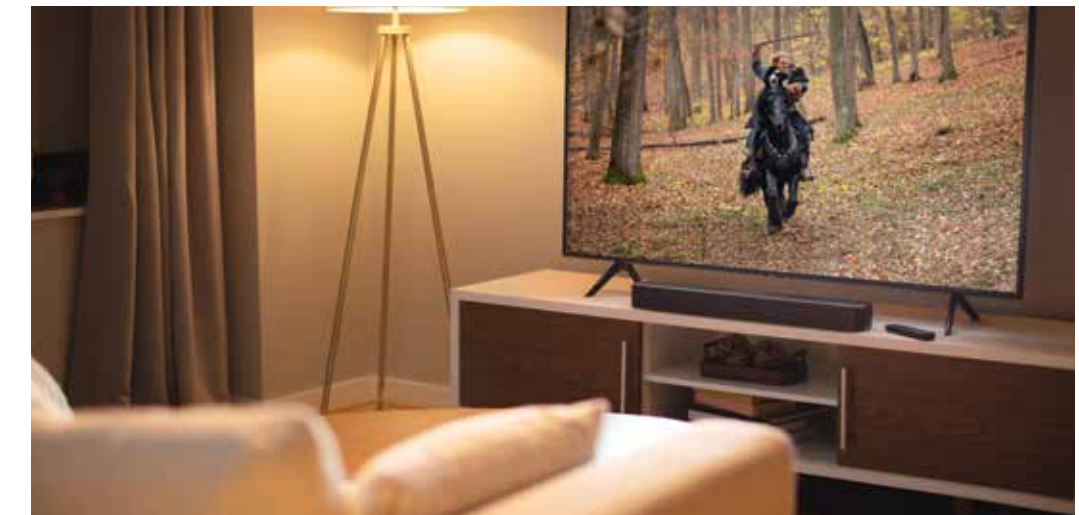

Wireless Music Streaming

The Bluetooth connectivity feature lets you wirelessly connect devices to this soundbar, to enjoy high-quality audio at anytime, anywhere.

Easy Connection Set-Up

Connecting JBL Surround Sound could not be easier. The HDMI ARC or Optical cable connection is super simple to set up and use.

Bar Studio 2.0

ENHANCE YOUR TV SOUND.

JBL Bar Studio compact soundbar provides stellar sound for your favourite TV series, movies and music. It's slim, incomparably designed and extremely easy to use. The JBL Surround Sound and double bass ports turn your TV sound into real cinema sound. The JBL Bar Studio includes Bluetooth connectivity so that you can stream your favourite music to the speaker, wirelessly. It is easy to set up with just one single HDMI cable to connect between your TV and the soundbar. You can control the JBL Bar Studio with your existing TV remote control.

Features

All-In-One Soundbar With Built-In Dual Bass Port Design

Enjoy significantly better sound with more bass from your TV series, movies, and music through Dual Bass Port design.

Wireless Music Streaming With Bluetooth

Stream all your music wirelessly from any mobile device.

JBL Surround Sound

Bring movies to life with JBL Surround Sound, without the hassle of any additional wires or speakers.

HDMI (ARC) Connection

All you need to do is connect a single HDMI cable between the soundbar and your TV.

Works With Your TV Remote Control

This JBL soundbar is designed to work with many of today's top TV remote controls, so you can use your existing TV remote control for both TV and soundbar.

Cinema SB 160
